EPI

Published On: 05-06-2024

Recently, EPI 2024 has been published by Yale Center for Environmental Law & Policy.

About EPI, 2024: Using 58 performance indicators across 11 issue categories, EPI ranks 180 countries on climate change performance, environmental health, and ecosystem vitality.

Estonia tops the list.

India-related Findings: India has been ranked 176. India is currently world's third-largest GHG emitter, with total emissions growing 32 percent over past decade. In 2022, India surpassed China as the world's largest emitter of anthropogenic sulfur dioxide.
