Why is in news? Miyawaki forest and Maze garden to be new attractions at Statue of Unity

PM Modi will dedicate two more tourist attractions - a Maze (labyrinth) Garden and Miyawaki Forest - at Ekta Nagar.

Maze garden:

A system of paths separated by walls or hedges built in a park or garden, that is designed so that it is difficult to find your way through, a confusing network of intercommunicating paths or passages; labyrinth

Sprawling in three acres with a pathway of 2,100 metres, **this is the largest maze garden in the country** and has been developed in a short span of just eight months.

The **Maze Garden at Kevadia** has been built in the **shape of 'Yantra'** that emanates positive energy.

The key objective for choosing this design was to bring about a symmetry while focusing on building an intricate network of pathways.

The rejuvenation of this barren land has not only beautified the surrounding but also helped establish a vibrant ecosystem where birds, butterflies and honeybees are thriving now.

Miyawaki Forest:

The Miyawaki Forest will be another tourist attraction for people visiting Ekta Nagar.
