Why is in news? President of India inaugurated 'National e-Vidhan Application' (NeVA) and addressed the Gujarat Legislative Assembly

NeVA is a **work-flow system** deployed on NIC Cloud, **MeghRaj** which **helps the Chair of the House to conduct the proceedings of the House smoothly**, Hon'ble Members to carry out their duties in the House efficiently and to conduct Legislative Business of the House **in a Paperless manner**.

The aim of the project is to **bring all the legislatures of the country together**, in one platform thereby creating a massive data depository without having the complexity of multiple applications.

NeVA is a device **neutral and member centric application** created to equip them to handle diverse House Business smartly by putting entire information regarding member contact details, rules of procedure, list of business, notices, bulletins, bills, starred/unstarred questions and answers, papers laid, committee reports etc. in their hand held devices/ tablets and equip all Legislatures/ Departments to handle it efficiently.

NeVA will **completely eliminate the process of sending out a notice/request** for collection of data.

The application hosts a secure page for each Member of the House for submitting questions & other notices.
